

Essentials of MMPI-2 Assessment, 2011, 400 pages, David S. Nichols, 1118037391, 9781118037393, John Wiley & Sons, 2011

Quickly acquire the knowledge and skills you need to confidently administer, score, and interpret the MMPIB®-2. The Minnesota Multiphasic Personality Inventory-2 (MMPIB®-2) is the most widely used test in the world for personality assessment. To use it properly, professionals need an authoritative source of advice and guidance on how to administer, score, and interpret this test. Now thoroughly updated to reflect the latest research and literature on this test, Essentials of MMPIB®-2 Assessment, Second Edition is that source. Like all the volumes in the Essentials of Psychological Assessment series, this book is designed to help busy mental health professionals, and those in training, quickly acquire the knowledge and skills they need to make optimal use of major psychological assessment instruments. Each concise chapter features numerous callout boxes highlighting key concepts, bulleted points, and extensive illustrative material, as well as test questions that help you gauge and reinforce your grasp of the information covered. Essentials of MMPIB®-2 Assessment, Second Edition adds new material on the MMPIB®-2 RC and the MMPIB®-2 RF, providing step-by-step guidance on test administration, scoring, and interpretation. Additionally, the author provides his expert assessment of the test's relative strengths and weaknesses, valuable advice on its clinical applications, and several illuminating case reports.
